9.	Blackthorn	16
10.	Sycamore	19

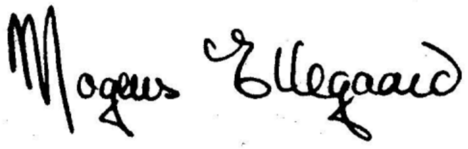
Канадская ассоциация преподавателей аккордеона (КАПА), Канада

Предисловие

В школе я ненавидел ботанику. У моей жены аллергия на цветы, поэтому у нас дома их никогда не было... даже пластмассовых. Тем не менее, после прослушивания музыкального "гербария" Торбьорна Лундквиста, известного шведского композитора, я вдруг понял, как много потерял. Цветы - это красота, поэзия, благодать, юмор, тайна, ностальгия - и многое другое, что я нашел в сборнике мистера Лундквиста "Поиграем в ботанику".

Конечно, вы не обязаны полюбить все цветы из этого альбома. Возможно, вам понравится только один, а, может быть, три или четыре, из которых вы составите гармоничный букет. Ваш выбор - это дело вашего вкуса, мастерства и терпения при изучении каждого цветка. Зато потом этот музыкальный букет можно будет подарить вашим слушателям и, быть может, он покажется им лучше, чем букет настоящих цветов. Кстати, кто-нибудь из вас видел, чтобы в брачный букет добавляли чертополох? Теперь у вас есть такая возможность.

Мои дорогие аккордеонисты, пробуйте, экспериментируйте, орошайте цветы водой, и, быть может, в конце концов вам удастся вырастить такой цветочный сад, которому позавидуют все вокруг. Канадская ассоциация преподавателей аккордеона (КАПА) с радостью представляет вам сборник "Поиграем в ботанику" композитора Торбьорна Лундквиста. Что же касается меня, то мне вдруг захотелось возобновить изучение ботаники, а еще с согласия жены мы, наконец, завели дома цветы. Кактусы.

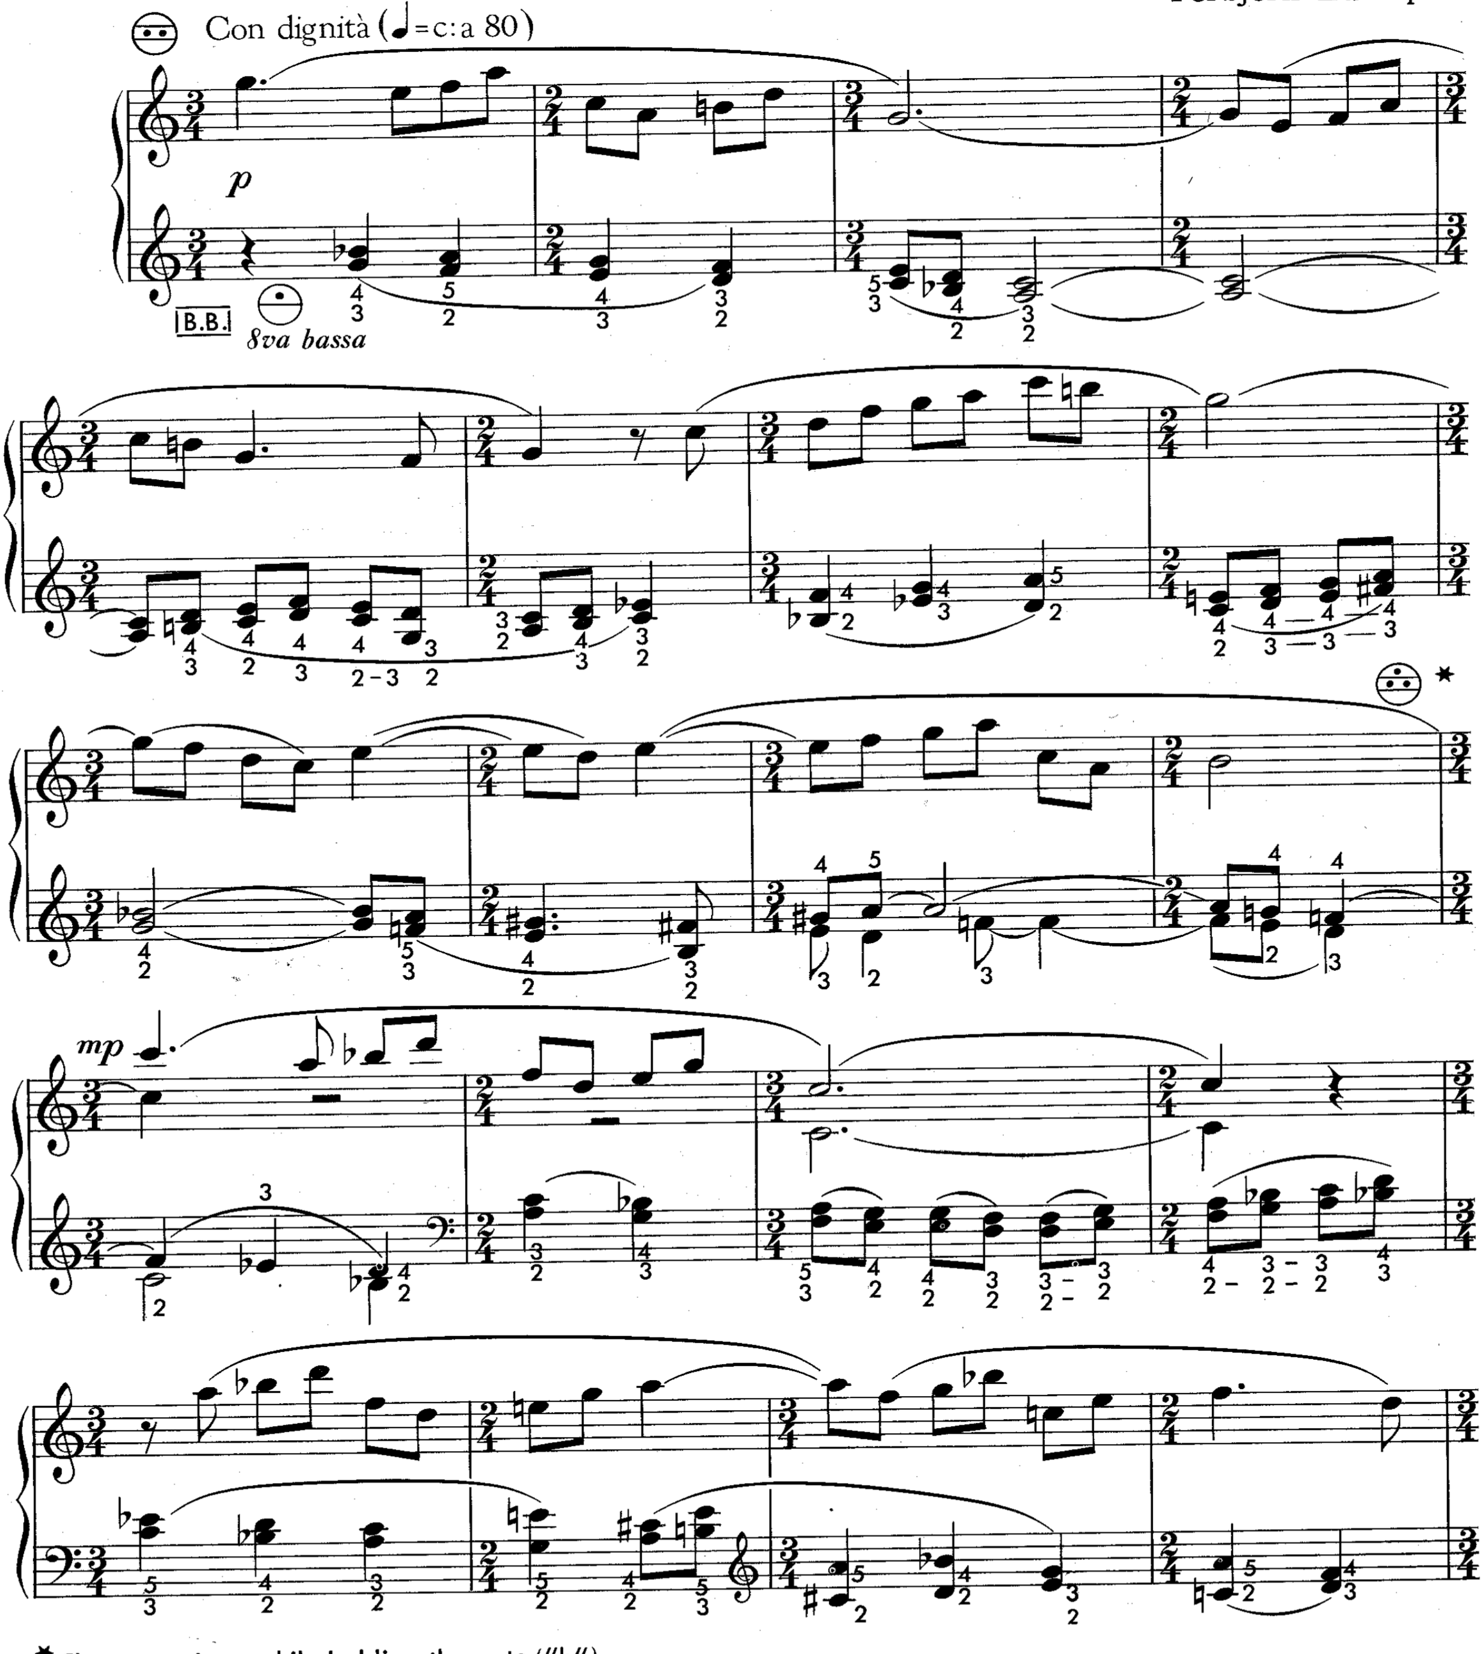


Могенс Эллегаард
Копенгаген, лето 1968

Accordion Solo

I. SUNFLOWER

Torbjörn Lundquist



* Change register while holding the note ("b").
